### **Abstract**

This MS Word document is written in the format required for the abstract of the paper for SMAR 2024, the 7<sup>th</sup> International Conference on Smart Monitoring, Assessment and Rehabilitation of Civil Structures. We advise you to download this document and use it as the template for your abstract and paper, since it contains all necessary formats and styles.

The abstract should be at least 150 words, but not exceed 350 words or one page (NB: the page size in the printed book of abstracts will be scaled to 75%). Page margins should be 2.5cm for the left margin, 2.0cm for the right margin and 2.5cm for the top and bottom margins. Use font type Times New Roman with single spaced lines. The title of the paper (style: "Abstract\_Title", font size: 20 points, aligned: right) can use a maximum of two rows. Author's names are written (style: "Abstract\_Author", font size: 12.5 points, aligned: right) with the initials followed by a period; family names are written in full. Each author's name is followed by the respective affiliation and country. Abstract text (style: "Abstract\_Text", font size: 12.5 points) is centre justified (aligned: centre); paragraphs are not indented.

This one page abstract will be published in the conference proceedings.
